## Heritage 16'

### Description:

The Algonquin Heritage 16' is the original Langford Canoe. This exceptional craft has been lovingly recreated to celebrate our 70th year. The Beautiful "Plank and Rib" Red Cedar canoe has been fashioned on a painstakingly refurbished original 1940's circa mould. Limited to a production of just 70 canoes the Algonquin Heritage 16' offers the true enthusiast a chance to recapture a piece of Canadian History.

The massive recurve stems, pronounced "tumblehome" sweeping decks and gunwales set this wonderful design apart, and immediately trigger memories of yesteryear. Originally designed with definite purpose in mind the Algonquin 16' was/is a true work horse, shaped to carry paddler and gear across all sizes of lakes in all types of weather. The deep hull, clean lines and increasing rocker allow this 16 footer to move quickly and respond well whether being paddled empty or loaded.

The Western Red Cedar Planks contrast sharply against the clear Eastern White Cedar Ribbing as does the Solid White Ash Inwales, paired to the beautiful Antique Mahogany Outwales. Over 2000 brass tacks shine through the hull's mirror polished low maintenance epoxy skin. With time each unique Red Cedar plank will darken which dramatically alters the look of the canoe as it ages. An heirloom to be passed on to future generations the Algonquin has been constructed with the utmost care and attention to detail. This watercraft symbolizes everything that Langford Canoe has stood for, over the last 70 years.

### Specifications

LENGTH	16'
BEAM	34"
DEPTH	13 1/2"
WEIGHT	56 LBS
CAPACITY	700 LBS
